

No.	Section and page no. to which the question refers	Quote of the text to which the question refers	Question	Answer
1	Section 1.2, page 2	Organise at least one, but possibly more, sessions relevant to wages, responsible purchasing practices and MCCBA	What kind of sessions are preferred here? Online, in-person? What is the objective of these sessions.	This is an in-person session. Objectives will need to be agreed with key partners (VITAS), but could include: sharing of good practices and lessons learned around wages, purchasing practices and MCCBA's; increasing awareness of the relationship between wages, MCCBA's and purchasing practices, developing actions around improvement of purchasing practices and MCCBA in support of higher wages.
2	Section 1.2, page 2	Represent IDH in conferences, platforms, or dialogues relevant to the IDH WARP Vietnam strategy	To what extent is this expected? How often are these conferences, platforms, etc. Are they in person, or online?	The platforms could be both in person and on-line. The frequency really depends on what is being organised. The objective of our presence is to increase IDH's visibility on the wage topic in the garment sector. The assumption is that it could be, on average, between 1 and 3 times a month.
3	.c page 3	Requirements	What kind of applicants are accepted? Would joint or cooperative units be accepted?	As long as it meets the requirements of the ToR.
4	.c page 3	Requirements	What are the requirements or negotiations on location, given that we are located in Ho Chi Minh City.	We would need to discuss how to best coordinate with the IDH main office in Vietnam, based in Hanoi, as well as key partners such as VITAS and VGCL.
