

IDH Gender Concepts & Criteria

Gender unintentional

The potential IDH partner or platform does not take steps to understand the different needs and preferences of men and women.

Gender intentional

The potential IDH partner or platform understands the different needs and constraints of women and men and takes steps to create gender equality.

- Steps are focused on outcome level
- Creating practical needs

Gender transformative

The IDH Partner or platform takes a data-driven approach to understand the different needs and constraints of women and men, addresses root causes of gender inequality and creates gender equity.

- Steps are focused on impact level
- Creating strategic needs
